Why do we Afghans watch bollywood movies while we very well know the story will have a happy ending regardless? Perhaps it's the music, the dance, the colors, the lavishing attire, or maybe it's the fearless expression of emotions that evokes our interest in Indian cinema. During Sitarahayeebollywood, I play classic as well as contemporary songs to provide my viewers with a broader scope and context. With a BA in English literature emphasizing in theater and performance, I have been active in the Bollywood industry as an Event Manager, a Project Coordinator, and a Freelance Journalist.

My shows may vary in format due to certain cultural or religious occasions. However, I always
